ADA CHAMPS VICTORIOUS

WALLOP ALVA BY SCORE OF 28 TO 14. MAKE NO PROTEST AGAINST MEN EDMOND OBJECTED TO

Monday afternoon Ada normal football team again covered itself with glory by defeating Alva Normal by the decisive score of 28 to 14. The visitors were a husky bunch and some uneasiness was felt by Ada fans when they appeared on the field, for it was apparent that the Ada team was considerably outclassed in weight. However a very few minutes play showed that the home team was able to give a good account of itself. Edmond had protested some of the Alva team and kept them out but Ada offered no objection to them. The first quarter was Ada's all the way through, but after that, although some brilliant plays were made, the Ada team seemed to have lost some of its power in offensive playing. However, the defense was splendid and the visitors could not gain much. When everything has been said, however, the fact remains that Coach Clark has made a gratifying success with the Ada team and that the chances for the state championship by defeating Durant in the Thanksgiving game are most excellent.

In Monday's game neither side resorted to the forward pass very often, but it was usually effective when employed. Roddie and the McMillans made three brilliant passes to a touch down on one occasion.

The game began at 3:30. Ada won the toss and elected to receive the ball. Alva kicked to the 20-yard line and Ada returned 5 yards. A forward pass failed. McCain gained 25 yards on an end run. C. McMillan gained 10 yards on end run. Alva got the ball on an intercepted forward pass and gained 10 yards. McDaniel made a beautiful tackle in the next play, preventing a gain and forcing Alva to punt. McCain received the ball. Staggall made a tackle play for 4 yards. McCain made a 20-yard end run. Roddie made an end run for a touch down and kicked goal. Score, 7 to 0. Time 5 minutes.

Messenger for Ada kicked to 38-yard line. R. McMillan tackled the receiver of the ball in his tracks. Ada penalized five yards for off side play. Alva made a gain of 9 yards. Alva penalized 10 yards for holding. Alva kicked 25 yards. Forward pass failed; Ada

kicked. Alva fumbled. Staggall recovered the ball for the second touch down. Roddie kicked goal. Score 14 to 0. Time 4 minutes.

Alva kicked to Matthews, who returned 20 yards. McCain made an end run of 20 yards. Alva held the line. Ada kicked to 20 yard line. McDaniel made clean tackle and downed the receiver of the ball in his tracks. McDaniel recovered a fumble made by Alva and crossed the line for a third touch down. Roddie kicked goal. Score 21 to 0. Time 2 minutes. Ada kicked to 20 yard line. Alva returned 10 yards.

The second quarter began with a punt by Ada. Messenger made a good tackle. In the next play, however, Bridges for Alva succeeded in making a 35-yard run for a touch down. Sandefur kicked goal. Score 21 to 7.

Alva kicked off. Roddie returned 10 yards. Ada lost ball on fumble. McDaniel recovered the ball on a fumble by Alva and made a gain of 20 yards. Ada again fumbled and Alva recovered. Alva made a gain of five yards and was held for down. Messenger made a tackle run of 15 yards. Ada was held on three downs and was forced to punt. Alva returned the punt and McCain made a gain of 10 yards. Two forward passes by Roddie to R. McMillan and one from C. McMillan to Roddie took the ball to the 5-yard line. Ada went across the line with it but lost on a fumble. Alva punted out of danger. The quarter closed with the ball on Alva's 20 yard line.

The third quarter opened with a kick off by Ada. Alva returned 5 yards and made 10 yards in the next four downs. Alva penalized 15 yards. Alva kicked to 30-yard line. Roddie made an end run for gain of 10 yards. McCain went through the line for 5 yards. Forward pass by Roddie to C. McMillan netted 15 yards. Ada failed to make 40 yards in 3 downs and punted to 10-yard line. Alva punted from 5-yard line. McCain returned 10 yards. Alva failed on forward pass. Alva punted. Forward pass by Roddie to R. McMillan netted 20 yards. McMillan making a beautiful catch surrounded by opposing players. The next attempt at forward pass failed and Ada punted to 1-yard line. Alva returned 10 yards and gained 10 more on end run. Ada penalized 5 yards for off side play. Stuart of Alva made beautiful 15-yard end run.

The fourth quarter, by agreement was cut to 10 minutes so the Alva team might catch the train. In this quarter Wallace was substituted for Matthews at full. On one of the first plays Bridges for Alva made a forward pass to Frazier who managed to elude all pursuit and made a 60-yard run for a touchdown. Sandefur kicked goal. Score 21 to 14.

Alva kicked out of bounds. The ball was brought back and on a second trial Alva kicked the ball a few yards along the ground. C. McMillan made a forward pass to R. McMillan, who made a sensational run of 60 yards for a touchdown. Roddie kicked goal. Score 28 to 14.

Ada kicked off to 30-yard line but Alva did not return. Alva made some gains on first plays, failed on a forward pass and finally was held for down. Later Alva recovered the ball on a punt and on a forward pass from Sandefur, Stuart for Alva made a great 70-yard run across the line for a touchdown. However, it not counted, Alva being penalized for holding. During the last minute of the play Alva kicked to McCain who made a splendid 40-yard run across the line for a touchdown, but this was not counted, Ada being penalized for holding. The remaining few seconds of the game was devoid of sensational interest.

Blandford, the two Rollows and line men, as in the Edmond game, held firm and the opposing line of heavy weights failed to make any impression on them. A center rush usually resulted in a loss for the visitors. Matthews is still suffering some from his sprained ankle, but played well at full until relieved late in the game by Wallace, who also did good work. Cottingham likewise did good work at left end when substituted for McDaniel.

Lineup.
Alva—Right End, Clifton; Right Tackle, Pruitt (C); Right Guard, McKinley; Center, Jenish; Left Guard, Arnold; Left Tackle, Sandefur; Left End, Frazier; Quarter Back, Fryer; Full Back, Jellison; Right Half, Stewart; Left Half, Bridges.

SELLS ANNOUNCES

INDIAN POLICY

Washington, D. C., Nov. 11—Hon. Cato Sells, Indian commissioner, has given out the following statement regarding the policy of the department towards Indian minors in Oklahoma:

Preliminary to the appointment of attorneys to give their full time to probate matters as they affect the Indian minors of Oklahoma, Commissioner Sells has for several days been in conference with the Governors and Principal Chiefs of the Five Civilized Tribes, and their tribal attorneys. This conference dealt only with conditions and not with prospective appointments.

The Indian minors of Oklahoma average the richest children in the United States but it is a lamentable fact that as compared with other states they have the least protection to their property rights. It is estimated that while the approximate cost is three per cent to settle a white minor's estate, the expense of administering the estate of an Indian minor is at least twenty per cent. Guardians fees, attorneys fees and other expenditures largely against the interests

of these minors are very common. Misappropriation of their funds have been so frequent that it is not an uncommon thing for minors to reach their majority and find that their entire property has been consumed, many times their guardians absconding from the state and very frequently their bondsmen insolvent.

Minor lands have been sold with grossly low appraisement and generally without consideration of the minors' best interests. All sorts of scheming have been resorted to looking toward the ravishment of these properties, and it was for the purpose of fully ascertaining the facts as they exist and developing a plan for radical reform in these respects that conference with Commissioner Sells have been held.

It is understood that a perfectly organized system has been agreed upon and that prompt and vigorous action will be taken in its execution.

It is the purpose of Commissioner Sells that these proceedings shall be in full cooperation with the state authorities and particularly with the probate judges.

After the several meetings have been held the conferees called upon Secretary Lane when Commissioner Sells reviewed his plans which were heartily approved and commended by the secretary who made some pertinent suggestions. Where misappropriation of funds is apparent such cases, he said, should be called to the attention of the grand juries and criminal prosecutions instituted.

On the whole this conference is said to have been one of the most earnest and effective discussions of Indian affairs ever held in Washington and that it promises great good for the welfare of the Indian minors in Oklahoma.

WILLIAMS WELL RESIGNED ABOUT MARCH 1.

Judge Robert L. Williams, member of the constitutional convention and the first chief justice of Oklahoma, and who has been a member of the supreme court of the state since statehood, was in the city yesterday en route to his home in Durant. Judge Williams stated that he was receiving encouraging ment from all sections of the state to enter the race for governor, and he expects at this time to resign from the supreme court, about the 1st of March, and to enter actively in the campaign for governor on the democratic ticket for the August primary election.

Judge Williams has many old-time friends in this county and in this section of the state, who will be loyal to him throughout the campaign.—Ardmoreite.

If we could just cash the checks in the winter suits we would have enough money to buy some Christmas presents.—Tulsa World.

A heavy run is being made on the banks of Mexico City and it looks as if a financial panic were destined to complete the utter destruction of that unhappy nation.

We haven't a bit of use for the man who is all the time getting his feelings hurt and goes around with a frown on. When a man's friendship has so thin a crust as to be denied every few days we feel like taking a sly at it and busting the top in.—Henryetta Standard.

TO COLLECT HISTORICAL MATERIAL IN OKLAHOMA

Norman, Ok., Nov. 10.—Mr. Joseph B. Thoburn, newly appointed instructor in history in the University of Oklahoma, has worked out in detail a novel and interesting plan whereby local history in the state may be collected and preserved.

Mr. Thoburn's plan is to organize co-operative history clubs in the various high schools of the state to work in conjunction with the department of history in the University. The clubs will collect local historical material, such as the name of the town or city, for whom or for what it was named; names and dates of arrival of first settlers; date and location of the first public buildings, postoffices, schools or churches erected; records of important events, such as storms, fires, floods and building of railroads and other similar material.

The importance of this plan will be seen when it is remembered that the sources of this information—pioneers, frontiersmen, traders, trappers, freighters and stage drivers—are rapidly disappearing and facts that can now be obtained first hand will soon become unreliable tradition.

Wonderful Blood Remedy

Brings Health to a Host of Sufferers.

The remarkable action of S. S. S. in the blood is given impetus by a letter received from Earl C. Cook, 708 South Center St., Bloomington, Ill. He says, "I suffered several months and took treatment here, but obtained relief only for a few days at a time. Becoming doubtful of results, I quit the doctors, and there was marked improvement from the start. I used thirteen bottles of S. S. S. and was entirely cured. My blood was in a dreadful condition, and I can not thank S. S. S. enough for my wonderful recovery."

This preparation stands alone among special remedies as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. There are more cases of articular rheumatism, locomotor ataxia, paralysis, neuritis and similar diseases resultant from the use of minerals than from disease germ itself. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 192 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease.

Get a bottle of S. S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood. Do not accept anything claimed to be "just as good" There is nothing else to take the place of S. S. S.

OKLAHOMA DEFEATS TEXAS A. & M.

Stillwater, Okla., Nov. 10.—In the first meeting of the Texas and Oklahoma A. & M. colleges on the football field, Oklahoma A. & M. won here this afternoon by a score of 3 to 0, on a field goal placed between the bars in the first minute of play after the starting of the fourth quarter.

The Oklahoma Aggie gained consistently in the first part of the opening quarter, but they were soon checked by the Texans. For the remainder of the first period and the second and third, the game was almost equal in point of advantage. Both of the teams averaged about 165 pounds and it was the superior speed and dodging tactics of the Oklahoma team that gave them the victory.

The Oklahomans were penalized for holding several times when near the Texas goal. The Lone Star team handled the forward pass for gains of ten and twenty yards, but none came at opportune times. Their only chance to score came in the final quarter from an attempted pass which was muffed.

Messrs. W. Gwynne and Greenall, two well known English labor leaders have arrived in the United States to represent the British Trades Union Congress at the convention of the American Federation of Labor.

UNITED DAUGHTERS OF CONFEDERACY IN SESSION

New Orleans, La., Nov. 11.—The annual general convention of the United Daughters of the Confederacy was called to order here this morning by Mrs. Alexander White, of Paris, Tenn., the president of the organization, and the attending members, several hundred in number, were welcomed by the Mayor and other speakers in behalf of the city. The program for the gathering, arranged by the local chapters of the organization is quite interesting and elaborate and includes many pleasing social and entertainment features. The Grunewald Hotel is the headquarters of the convention and there the sessions will be held. One of the interesting features will be the consideration of a proposition by Mrs. W. D. Lamas, State President of the Georgia branch of the organization, to pass resolutions condemning "The Southerner" by Walter H. Page, American ambassador to England, upon the ground that the book unjustly reflected upon the people of the South. At the close of the convention the members will make a pleasure trip to the Panama Canal in the palatial 5000-ton Steamship Abasco of the United Fruit Company's "great white fleet" which will sail from this port on Nov. 16.

The United Daughters of the Confederacy was organized at Nashville, Tenn. Sept. 10, 1894, and has now 1,380 chapters in North America and Mexico with an aggregate of more than 80,000 members.

Talladega Battle Centennial.

Talladega, Ala., Nov. 11.—The local patriotic and historical societies have made arrangements for an appropriate celebration tomorrow of the one hundredth anniversary of the battle of Talladega, one of the most important conflicts of the Creek Indian war. The battle was between about 2,000 mounted Tennessee troops under Gen. Andrew Jackson and a force of 1,000 or more Indians led by Chief Weatherford.

The battle occurred in the early morning of Nov. 9, 1813, the Americans having been notified of the attack by a friendly Indian who had escaped from Fort Talladega, in the guise of a hog skin and run several miles to meet the troops of Gen. Jackson.

The troops entered Talladega from the north side of the city, the road still bearing the name of Jackson's Trace. The generals aiding Jackson were Coffee, Bowie and other noted Indian fighters. The principal streets of Talladega to this day bear the names of men in the conflict.

The Indians left more than 200 dead on the field, and it was supposed they had as many more wounded. About a score of Americans, including three officers, were slain. By their defeat the Indians forever lost their supremacy in this section. After the battle they surrendered their rights to the incoming settlers, who founded the city of Talladega.

London Installs New Lord Mayor.

London, Nov. 10.—The time-honored Lord Mayor's show took place today, and the new Lord Mayor of London, Sir Thomas Van Sittart Bodley, was formally installed in office, succeeding Sir David Burnett. The route of the procession, from the Guild hall to the Law Courts and return, was elaborately decorated with flags and bunting. The procession was exceedingly spectacular. Crowds of unemployed workmen and women were massed along the Victoria Embankment and at other points on the route, but their demonstrations were entirely orderly, and outside of keeping the throngs from breaking over the sidewalks into the roadway the forces of metropolitan police that were massed along the line had little or nothing to do.

Sir Thomas Bodley, the new Lord Mayor, is fifty-one years old and a native of Manchester. As a young man he came to London and engaged in business. He is now at the head of a large firm of paper makers. His rise to the office of chief magistrate of the city has been rapid. In 1899 he became a representative on the Court of Common Council, and in 1906 was elected sheriff and later alderman. He is a great lover of outdoor sports and expects to do a great deal while in office for the Olympic games.

At its recent convention in Philadelphia the Textile Workers of America adopted a resolution demanding a uniform scale of wages for all textile workers throughout the United States.

Government Sale of Timber Lands

There will be offered at public auction at the places and times herein named at not less than appraised valuations about 1,279,000 acres of timber lands with standing timber thereon, which includes about 1,043,857,500 feet of pine, as estimated in 1911, and approximately 141,300,000 feet of hard wood, located in the Choctaw Nation, southeastern Oklahoma. Sales will be held at Idabel January 5th, Hugo January 8th, Poteau January 12th, Wilburton January 15th and McAlester January 17, 1914. Bids may be submitted either in person or by agent with power of attorney. Land and timber will be sold together. Land classed as agricultural land will be offered in tracts not exceeding 160 acres of agricultural land nor more than one-fifth of the total of non-agricultural lands will be sold to any one person. Terms 25 per cent cash; balance in three annual installments of 25 per cent each with interest, but payments may be completed any time. Immediate possession given after approval of sale. Residence on land not required. Removal of portions of timber permitted as paid for. The improvements on land consisting of a few scattered houses will be appraised and sold with land and the owners thereof reimbursed where they are not successful defects in advertisements and full bidders. The right to waive technical bids and to reject any and all bids is reserved. Detailed information, including descriptive lists, showing quantity and appraisement of timber and land in each tract will be furnished without cost after October 1, 1913; maps, showing location and accessibility to railroads of each tract, will be furnished at a cost of fifty cents each.

J. A. Edwards of Stratford passed through the city today en route home from Stuart and other places where he did some work for the W. O. W. He reports that Monday evening the Woodmen of Stuart pulled off a big banquet which was attended by about 300 people.

The Ada normal football team will go to Claremore Friday and play a game with the university preparatory school. Unless the luck of both teams takes a turn the normal will have easy sledding.

A big party has gone to Jack Fork mountains for a three weeks hunt. Part left Monday in three wagons and will be joined today at Atoka by those who went through on the train. The party is composed of L. E. Rains, M. M. Cotton, W. J. Coffman, Lee Daggs, John Chapman, Budd Gregg, Bob Ferguson and G. L. Kloe.

J. Wallace, who made his home at Ada for two or three years, writes the News for three copies of the booster edition when it is issued. He says he really likes Ada much better than his Kansas home, only his relatives all live there, but he remembers Ada very pleasantly and wishes to see her grow and prosper.

An effort is being made to secure enough promises to go to Durant on Thanksgiving day to witness the closing football game of the season to secure a special train. To get the train seventy-five tickets must be sold and a committee will make a round of the city to see if enough of the fans want to go to assure the train. If secured the train will leave early in the morning of the great day and return that afternoon after the game.

Needles for all makes of Sewing Machines 20c per dozen.—W. C. Williams at Aldrich Gro. 181-61

This evening the Grand will present a program of three excellent pictures. The Brand is a great western story. The trap is a good one in which the wife's distrust of her husband is thoroughly cured. The Shop Girl's Big Day is a lively comedy.

This evening Carver and Oliver, the vaudeville stars who made the big hit at the Majestic will appear again in a complete change. Three pictures as follows: His Secret, The Smuggler and A Successful Failure. This makes a splendid combination program that will entertain you.

This evening the De Sota will run a big emergency program of three reels and furnish music of the highest class. The De Sota takes special pride in giving the best music obtainable, and always has a program worth while.

GRAFT CHARGES WILL BE INVESTIGATED

Washington, Nov. 11.—Gross misappropriation of funds belonging to the minor children of Indians of the Five Civilized Tribes in Oklahoma has been disclosed by investigations conducted by Secretary Lane.

The secretary announced today that

A strike of 1,500 telegraphers employed on the Chicago, Rock Island and Pacific railroads has been averted by the mediators after a long conference presided over by G. W. W. Hanger, assistant commissioner of mediation and conciliation under the Newlands act. The railroads have increased the wages about 5 per cent., which means nearly \$45,000 per year gain for the telegraphers.

BROWNIE

FOR CHILDREN AT \$2.00

The BROWNIE is not a toy—it is a complete and accurate picture-taking machine. Numbers of them are in use today in Ada and parents tell us that nothing affords so much wholesome amusement for their children. Eastman Kodaks are at RAMSEY'S. A dandy machine for \$5.00—others for less and still others for more. All Kodak Supplies are at—

RAMSEY DRUG COMPANY
PHONE 6

He would call the cases to the attention of the federal grand jury and would begin criminal prosecutions against the guilty parties.

Commissioner Cato Sells recently held a conference with the national attorneys of the Five Civilized Tribes and Superintendent Kelsey of Union agency concerning Indian minor probate conditions in Oklahoma. He later requested the principal chiefs and governor of all the tribes, and Reford Bond, the new national attorney for the Chickasaws, also Federal Attorney Linebaugh and Probate Attorney Sample, to come to Washington for a further conference.

It is understood that Commissioner Sells is industriously seeking all of the dependable information obtainable and that this is preliminary to aggressive action looking toward the accomplishment of reforms in this apparently very unsatisfactory situation.

Commissioner Sells regards the Indian minor probate conditions as one of the most important and pressing problems affecting Indian affairs in Oklahoma. Wholesale charges of grafting in Indian estates have frequently been made in congress and elsewhere and were especially emphasized recently during the Lake Mohonk conference. Numerous investigations of such charges have been made both by federal officials and by local authorities in Oklahoma and prosecutions have been started in state courts against numerous guardians and administrators. While there have been very few cases in which there have been any criminal prosecutions conducted to a successful issue, there have been a number of cases in which guardians have been forced to refund the money which they were charged with collecting from their wards.

Hundreds of people read the News Want Column and read it every day. Take advantage of this service.

FRANK DAVE

Laber Meets in Seattle.

Seattle, Wash., Nov. 10.—With an attendance including representatives of organized labor throughout the United States and Canada and two fraternal delegates from the British Trades Union Congress, the annual convention of the American Federation of Labor assembled in Seattle today and organized for business. The sessions will continue probably two weeks. At the initial session President

Samuel Gompers delivered his annual address to the delegates and Secretary Frank Morrison and Treasurer John B. Lennon presented their annual reports. In his address Mr. Gompers reviewed at length what the federation had accomplished during the year and he made numerous recommendations.

Hundreds of delegates and visitors filled the hall at the opening of the proceedings. Occupying seats upon the main floor to the left of the stage were William B. Wilson and the two British delegates, Messrs. Gwynne and Greenall. Their appearance in the hall was greeted with loud cheering. Similar demonstrations were given in honor of President Gompers, John Mitchell and other noted labor leaders as they took their seats on the platform. The delegates were welcomed to Seattle in an address by Mayor Robert Hesbeth, who enjoyed the personal acquaintance of many of the visitors by reason of the fact that he has long served as an international vice president of the hotel and restaurant employees' union.

NO CHANGE IN MEXICAN SITUATION

Washington, Nov. 11.—The administration is making an investigation of the situation within the ranks of the Mexican constitutionalists, with a view to determining whether recognition of the revolutionists or letting them obtain arms with which to carry on their campaign, will afford a means of escaping intervention.

Secretary Bryan today admitted that William Bayard Hale, who was President Wilson's first independent investigator in Mexico in Arizona making inquiry about the revolutionists. Whether the steps taken have gone beyond the mere matter of looking into the feasibility of depending upon the constitutionalists, was not apparent, here today.

In his conversation with the newspaper men and his previous talks with Republican members of the Senate Committee on Foreign Relations, President Wilson would shed no light on his plans. His conferences with the Republican senators, it is said, was in the nature of an inquiry to elicit their views on the possible course of rendering aid to the Constitutionalists to enable them to overthrow the Huerta dictatorship.

Pending developments in this direction, the Mexican situation continues one of drifting.

Jolly Possum Hunt.

Monday night about 7:30 a merry crowd of young people met at the corner of 17th and Cherry to go "possum hunting." There were 34 in all and consisted of the following persons: Misses Lena Maxey, Nona Gatewood, Opal and Hazel Armstrong, Willie Mae and Ida Enloe, Stewart, Beulah West, Kate and Naomi Couch, Pearl Turnbo, Fay Cote; Messrs. Allen, Stanfield, Maxey, Deckart, Scott, Dean, Whorton, Kleier Adair, Allen, Mr. and Mrs. Couch, Mr. and Mrs. Fritz Johnson, Mr. and Mrs. Meriman, Mr. and Mrs. Riggs, Mr. and Mrs. Thatcher and Mr. and Mrs. Woods. Two possums were caught and about 12 o'clock a tired sleepy crowd came in home.

DON'T LET YOUR HAIR SPOIL YOUR GOOD LOOKS

Take the right care of your hair, and instead of spoiling your good looks, it will improve them. You can't beautify your hair with barettes, ribbons and such things. Knick-knacks make homely hair look even worse, because the contrast shows off its ugliness to greater effect.

If you want beautiful hair—soft, silky, lustrous and glossy—use Harmony Hair Beautifier, a dainty, liquid hair dressing. Use it also if you want your hair to go into place—in wavy, graceful fashion—more easily, and stay where you put it. It overcomes the unpleasant, oily odor with a delightful rose fragrance. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—Gwin & Mays Drug Co., Main St., Ada, Okla.

CHILD DIES FROM EFFECTS OF SCALD

Early this morning George Leslie Young, the one-year old son of Mr. and Mrs. G. W. Young, died early this morning from the effects of a bad scald received Sunday morning. The funeral and interment took place this afternoon.

The family had just moved into the place and a stove hastily put up had a leg missing. The child happened to be near when the stove toppled over and tilted a vessel of hot water over his body. It was first thought that he had a chance for life, but the injury proved too much for the little one's constitution to stand and death finally resulted.

The unexpected death of the child has been a terrible shock to his parents. Being the youngest he was the favorite of the family and the vacant cradle will always be a sad reminder of the little one who for one brief year was the light of the home.

The News extends its sympathy to the parents in their bereavement.

TEXAS DEFEATS THE SOONERS

Houston, Tex., Nov. 10.—Though beaten for three consecutive years by University of Oklahoma eleven, sometimes by decisive scores and sometimes by small margins, the Texas Longhorns arose in its might before a gala day assemblage Monday afternoon and tossed the Sooner on high. Two touchdowns and two goals from touchdown against a single touchdown and no goal tell the tale. Such a string of happenings furnished Texas university with 14 points against Oklahoma's bare 6 points. The latter might have made it seven, but missed an easy goal after Fields, a Cherokee Indian, was substituted for Lowry in the fourth quarter. Fields was sent into the game because of his speed and was not there for more than a dozen minutes when he exhibited a rare burst of speed that converted a twenty-yard pass into a score. He raced half the length of the field to goal.

Both of the touchdowns scored by Texas were also the outcome of forward passes, as back would have it, both of them were tossed by Daniels across the right side of the Oklahoma line and fell into the waiting arms of Mr. Turner, the Longhorn left end, in each instance this same Mr. Turner was standing behind the Sooner goal line when the pigskin fell into his stubby arms.

Red Letter Night for Ring Fans.

New York, Nov. 8.—Seldom has a greater bunch of high-class pugilists ever been seen in the ring the same night than the aggregation scheduled to engage in contests in various parts of the country next Monday night. Even with the Ritchie-Cross bout, originally scheduled for that date, deferred until later, there is enough left on the calendar to afford the fight fans a wonderful feast of fistuffs.

Featherweight champion Kilbane is slated for a six-round go with Eddie O'Keefe in Philadelphia. Mike Gibbons and Marty Rowan are down for a ten round fight at the Twyford A. C. in Brooklyn, and Willie Beecher and Jimmy Duffy are signed up to go the same distance in Syracuse. Another promising bout is billed for Kenosha, Wis., where Freddie Welsh, the British light weight champion, is carded to defend his title against Eddie Murphy, the South Boston lightweight.

JEW ON TRIAL FOR RITUAL MURDER ACQUITTED

Kiev, Russia, Nov. 11.—Mendel Belliss, accused of the murder of the Christian boy, Yushinsky, was acquitted by the jury today.

The trial of Mendel Belliss, a Russian of the Hebrew faith, for the alleged murder for purposes of "blood ritual" of Andrew Yushinsky, a Christian lad, began Oct. 8. The case caused an immense sensation.

The boy's mutilated body was discovered on March 25, 1911, in a cave outside Kiev. His hands were bound and there were forty-seven wounds on the body.

Belliss soon was arrested charged with the murder and kept in close confinement. During the trial many medical experts testified, their opinions varying as to reasons for the crime.

Other witnesses threw suspicion on a woman alleged to be the harbinger of criminals.

Extensive precautions were taken to prevent threatened outrages by members of a society of anti-semitic Russians known as the "Black Hundred."

Remember the Palace Cafe here every day and night.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We just want you to give D.D.D. a trial. That will be enough to prove it.

Ramsay Drug Company, Phone 6, Ada, Oklahoma

STATE LOSES SUIT AGAINST NATIONAL BANK

Durant, Ok., Nov. 10.—The banks in Oklahoma which nationalized in order to escape the requirements of the bank guaranty law and against which suits were filed later by the banking department to force collection of an assessment claimed to be due against them, have won first blood in a test case, which was decided in the district court here, Judge Jesse M. Hatchett presiding.

The case was that against the First National bank of Durant, which was, before it nationalized the Durant State bank. The assessment claimed against the bank for the guaranty fund was \$2,437.65. Of this amount \$752.15 had been paid by the bank when on December 28, 1912, the assets of the bank were taken over and became the property of the First National bank. The state attempted to collect the balance, \$1,727.61, which it was claimed the bank was then liable to the guaranty fund. The state claimed that when the bank nationalized it was the successor of the State bank and was liable for the assessment which was unpaid. The court after hearing the facts, which were undisputed, held that the bank after it had become a national bank was not liable for the unpaid portion of the assessment and gave judgment accordingly.

The case will no doubt be appealed to the supreme court, as the question

involved is desired to be tested in the highest court in the state. Suits were recently brought against 112 banks in the state involving the same proposition, but were dismissed with the understanding that individual suits may be brought. This is the first case that has been taken through the lower court.

OKLAHOMA NEWS IN BRIEF

Tulsa.—Judge J. Ayars, an Oklahoma pioneer, is stricken with paralysis at his home here. His condition is serious. He is past 70 years of age.

Oklahoma City.—Attorneys for John C. Adams in his suit to recover property in Oklahoma City now valued at millions of dollars, have served notice upon the district court that the case will be appealed to the state supreme court.

Cherokee.—Judge Cullinson of the district court has made permanent the injunction restraining the school land commission from selling for back rent the improvements of William Hoefler, lessee. The matter will go to the supreme court for final adjudication.

Oklahoma City.—The Oklahoma county board of commissioners will seek legal advice on the question of whether Miss Anne Hoover can legally hold the office of the clerk of the county court. Recently when the former clerk, James Powers, now deceased, gave up the office, County Judge Haymon appointed Miss Hoover to fill out the unexpired term.

IN ONE MINUTE! CLOGGED NOSTRILS OPEN—COLDS AND CATARRH VANISH

Stops Nasty Discharge, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you breathe freely; dizziness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

And such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. The sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose; foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Address All Letters to the News Publishing and Printing Company

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

THE OKLAHOMAN'S MINE.

The Oklahoman must have a regular "Scotty" mine of Indian lore. Where it gets all the valuable and interesting "stuff" it prints every week is a mystery to the uninitiated. Week after week it keeps "digging" up stories of historical worth which deserve a permanent place in the archives of the state. The service it is rendering is exceptionally valuable and ought to be appreciated. Undoubtedly it is.—Kansas City Journal.

The Journal should have gone a step farther and stated that the miner of all these interesting historical sketches is Prof. E. A. MacMillan of the Ada Normal. It is eminently correct, however, when it says this material is valuable from a historical point of view.

France Celebrates Fall of Bastille.

Paris, July 14.—All France kept its usual joyous holiday today in celebration of the 124th anniversary of the fall of the Bastille. At an early hour the boulevards of Paris were thronged with merry-makers, who promenaded up and down and watched the performances of wandering acrobats, jugglers, magicians and street singers. The streets resembled carnival time, with the crowds of pleasure-seekers and the gayly decorated buildings. In the early morning magnificent wreaths were placed on the Strasburg monument in the Place de la Concorde, by various deputations.

President Poincare, while driving to the Longchamps race course this afternoon to witness the grand annual military review, was enthusiastically cheered all along the route. In the presidential tribune with him were the members of the cabinet and the ambassadors.

GOSSIP AROUND

NATIONS CAPITOL

Washington, July 15.—Considerable interest attaches to the case of Hubert L. Bolin of Oklahoma City who has been made internal revenue collector for Oklahoma. This interest is not due so much to the appointment but the fact that just as soon as he got the job Bolin began maneuvering for another, that of national attorney for the Chickasaw nation. Furthermore it is confidently believed that Bolin will get his job, as Governor Johnson is said to favor him for the place now occupied by "Dick" Rogers. Bolin now is in Washington and as soon as he resigns from the internal collectorship, another merry fight is expected to be waged for appointment. J. H. Arp of Oklahoma City and "Tex" Upshaw, both prominent Oklahoma politicians are anxious to get the place. Both were candidates before Bolin was named. Bolin's appointment as internal revenue collector was due to the unanimous support of the Oklahoma delegation in congress, both Senators Owen and Gore agreeing upon him. Bolin it was who handled Senator Owen's last Senatorial campaign and his enviable position of being tendered and being able to refuse or accept any job that is offered is largely due to his work last year.

The Oklahoma delegation in congress practically to a man has entered a protest against the appointment of Harry Smith and Lloyd B. Locke as two of the members of the board to appraise the coal and mineral lands of the Choctaw and Chickasaw nations. These men, along with Harry B. Tidwell were selected to J. Geo. Wright of commissioner to the Five Civilized tribes to complete the work. Members of the delegation have pointed out to the Commissioner of Indian Affairs and other officials of the Department of Interior, that Locke and Smith are Republicans, Tidwell being the only good democrat in the list. Under the circumstances it is not expected that the protests of the congressmen will be overruled, inasmuch as the plums for the democrats are scarce.

Just who is to be United States marshal for the Eastern district of Oklahoma is a mooted question, not only among the democratic politicians of the state, but those in Washington acquainted with Oklahoma affairs. Several weeks ago it was practically settled that P. A. Enloe of McAlester would receive the appointment, notwithstanding the fact that Dr. A. S. Riddle had once been practically decided upon for the place. The marshalship matter is as much up in the air as it ever has been. Friends of Enloe declare that there is no question but that his name will be sent to the senate for confirmation by President Wilson, while on the other hand the friends and backers of Dr. Riddle are actively at work and still think their candidate will cross the tape the victor in the race. Dr. Riddle has successfully combatted many of the charges preferred against him by people in Oklahoma and his case is stronger than at the time Enloe was practically agreed upon. There is no clue whatever as to just when final decision will be reached in the matter.

An Oklahoma colored man, may get the job as register of the United States treasury and if such is the case his name will appear on every dollar bill in the country. A. E. Patterson of Muskogee, who has been an active democratic worker for many years and who has campaigned over many states in the interest of his party without receiving compensation of any character, is the man now under consideration for this place. The position of register of the treasury always has been given to a colored man, by both the democratic and republican parties when in power.

Boils Are a

Bad Indication

Dangerous Fallacy that they are Healthy—Stop them.

The appearance of boils leads many people to consider them a sign of robust constitution. They are more apt to signify a condition of sick blood, sluggish circulation and a morbid condition of the body. Use S. S. S. for the blood.

It has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every smutty pore, every impurity, the stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all, this remarkable remedy is welcome to the weakest stomach. You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If yours is a peculiar case and you desire expert advice, write to the Swift Specific Co., 185 Swift Bldg., Atlanta, Ga.

er in Washington and it is expected that the Wilson administration will be no exception to the rule.

Strong endorsements of Patterson have been filed with Secretary McAdoo and President Wilson and it is declared by those who have the ear of the administration that Patterson has as good a chance to land as any other candidate in the count.

The Finance Committee of the Senate which has had the tariff bill in hand having completed its work, Senator Gore who is a member of this important body and who had an active hand in framing many of the schedule for the benefit of the American farmer, has let out a sign of relief. Senator has been busy with this work morning, noon and night and he declares that he hopes to resume his acquaintance with his family and his correspondence with friends in Oklahoma, both of which he declares he has been forced to neglect to a great extent.

If the activities of members of the Oklahoma delegation in congress counts for anything, Oklahoma may expect that part if not all of the vast sums of Indian money now held by the United States treasury, will be deposited in the banks of the state or made to work in other way for the best interests of the most people. Senator Gore introduced a measure providing for the deposit of over \$21,000,000 of Indian moneys in the banks and now Representative Dick T. Morgan comes along with another plan. Mr. Morgan has introduced a bill providing that all funds to the credit of the Oklahoma tribes, except such as will be needed within two years to meet obligations of the Indian shall be loaned to bona fide farmers of Oklahoma at five per cent interest, and that all such funds not subject to loans to farmers shall be deposited in national and state banks.

Bishop Bowman's 96th Birthday.

Orange, N. J., July 15.—Bishop Thomas Bowman, the senior bishop of the Methodist denomination in the United States, today quietly celebrated his ninety-ninth birthday anniversary at his home here. During the day he was the recipient of hundreds of congratulatory messages from prominent laymen and clergymen throughout the country. The venerable bishop is well preserved, and is seen almost daily on the streets of Orange. He retired from active work about ten years ago, but has since preached several times at Calvary Methodist church, East Orange, of which he is a member. Despite his age, he is as thoroughly interested in religious work, especially that pertaining to Methodism, as is the youngest churchman.

Bishop Bowman's career as a churchman and educator has been a most distinguished one. He was educated at Dickinson College and afterward taught there for several years. He then went to Williamsport, Pa., where he founded the Dickinson Seminary, of which he was the first president. He was at the head of the institution for ten years. He became president of the Indiana Asbury University in 1859, holding the post for thirteen years. He was chaplain of the United States senate during the last two years of Lincoln's life.

He was made a bishop at the general conference of 1872 on the first ballot. During the years that followed he visited all the continents of his church in America, Mexico, Europe, India, China and Japan.

Leschetizky School of Music

Mrs. Edson MacMillan will open a studio, down town, as soon as arrangements can be completed, for instruction in Piano and Voice. Leschetizky technique applied to all piano work.

The Seppings system used with small children in musical kindergarten.

Extra time given without extra charge to those taking work during vacation. Phone No. 167.

Public Health Department

Conducted by Dr. J. C. Mahr
State Commissioner of Health

Eight Oklahoma towns to enter the Holland's Magazine "Cleanest Town Contest" are: Ada, Blackwell, Cherokee, Duncan, Mangum, Okmulgee, Stillwater and Wilburton. It is to be regretted that only eight of our towns have entered this contest. The towns competing for this distinction will be greatly benefited by this contest. The expense incurred and the efforts extended will be small compared with the attainments. The serious, important and fundamental motives that underlie a contest of this character has given it the dignity such an enterprise deserves. The State Health Department stands ready to lend any assistance in the way of advice as to procedure, necessary steps to be taken to secure proper scores, or any other character of aid that will advance the candidacy of the contestants.

How much is a dog worth? Sit down and figure it out in dollars and cents and then study this information: Since October 1st, 1912, the Bacteriological Laboratory of the State Health Department, located at Norman, has examined 82 specimens for hydrophobia. The findings showed 51 positive, or indicative rabies. Three specimens were received in such a condition that they could not be used. Of the 82 specimens, 60 were of dogs and 15 cats. We have no way of estimating how many people were bitten by these 82 rabid animals, consequently no determination of the cost these victims were put to as a result of the carelessness of owners of these animals can be attempted. Rabies has for several years shown a decided increase in southern and southwestern states. A dog worth keeping should be muzzled. If he is not worth keeping he should be killed.

The last thirty days has brought to the State Health Department reports of an increased number of cases of Pellagra and Infantile Paralysis. We do not know the cause of Pellagra, but we do know that the stable fly is said to be the cause of Infantile Paralysis. If your home is not properly screened you should see that it is at once. This applies to the country home just as well as the home in town.

Since October, 1912, thirty-five deaths from Pellagra have been reported to the State Health Department. Of this number only 10 were males, and only one of the thirty-five cases was a child, the other 34 being adults.

During the month of May, 1913, there were reported to the state health department, 2,455 births and 715 deaths.

DRINK MALTO DEXTRINE

It refreshes the whole body. Not a hint of a drug or anything harmful. At soda fountains, or at grocers in bottles for home use. Sold in Ada by

CONGRESSIONAL POSSIBILITIES BY THE DOZEN

Governor Cruce on Saturday signed the congressional redistricting bill and as the measure carried the emergency it is no wa law. The fourth district is composed of the following counties: Creek, Lincoln, Okfuskee, Pottawatomie, Seminole, Coal, Hughes, Pontotoc and Johnson. This district becomes the Bill Murray district and that well known statesman may decide to run again. Other probable and possible candidates are J. B. A. Robertson and Jno. Davis of Chandler, Jno. Carruthers of Okemah, Charlie Barrett and S. P. Freeling of Shawnee, Ben F. Harrison of Calvin, A. T. West of Coalgate, R. M. Roddie and Jno. P. Crawford of Ada and C. C. Shaw of Mill Creek.—Wewoka Democrat.
